RE: 2020 General Election Expenses

I am requesting an additional \$8,098.65 to cover election operations in the County Clerk's office for early voting during the November General Election 2020 cycle. The budget that we received at the beginning of the year did not include monies for a runoff election which we held on March 31, 2020. We are anticipating a reimbursement from State Board of Election Commissioners for the hiring of a special deputy in the amount of \$1,594.00 which has not been received at this time. The additional request will ensure we have monies to pay our early voting workers as well as furnish needed supplies to run the election in November. Should there be a General Election Runoff, there may be a need to request additional funding as this cost is not included in the requested amount.

Dear Judge Robinson:

We submitted primary and runoff reimbursement requests to the State Board of Election Commissioners for \$121,166 and an invoice to DeWitt School District for \$271.85. We anticipate the general fund receiving between 65 and 75 percent of the state submission. The state will deduct the \$37,000 advanced the general fund in February.

We have a pending \$20,000 July supplemental appropriation request so preparations for the November general and non-partisan general primary elections can begin in August. We require an additional supplemental appropriation of \$75,050 in October to continue.

The County shall assure that not in excess of 5% of the proceeds of the Agreement are used, directly or indirectly, to make or finance a loan to persons other than state or local governmental units. As used in this Section, "Private Business Use" means use directly or indirectly in a trade or business carried on by a natural person or in any activity carried on by a person other than a natural person, excluding, however, use by a state or local governmental unit and use as a member of the general public.

17. Non-Arbitrage. The County covenants that it shall not take any action or suffer or permit any action to be taken or condition to exist which causes or may cause the interest payable under the Agreement to be subject to federal income taxation. Without limiting the generality of the foregoing, the County covenants that no monies held in any fund in connection with the Agreement will be used directly or indirectly in such manner as to cause the agreement to be treated as an "arbitrage bonds" within the meaning of Section 148 of the Internal Revenue Code.
